

LEVENTI

OUR STORY

Leventi is a family owned, boutique winery located in Napa Valley, California. The Gianulias family has a strong Greek tradition of private winemaking dating back for centuries. Since 1926, on American—and Napa Valley—soil, they have propagated, refined and developed handcrafted vintages to share with family and friends.

YASOU LEVENTI

The Greek toast "Leventi" acknowledges a hard day's labor and achievement. It celebrates the fields, the rain and the sun that nurture our special grapes. Essentially, it's a toast "to celebrate life." And it is the philosophy on which we craft our wine.

WINEMAKER

For more than 30 years, Alison Green Doran has been walking the vineyards that produce the finest varietals in the region. Spending a majority of her time on vineyard management, she keeps an eye on every aspect of vine growth—limiting their vigor so that they produce the most concentrated and intensely flavored grapes. She developed her skill from mentoring by renowned wine expert Andre Tchelistcheff, completing a degree in winemaking from UC Davis and spending time in the legendary winery-filled region of Alsace, France. Since then Alison has honed her craft into a distinctive style all her own—harvesting at optimum ripeness, and making sure she gets the "pop and jump" out of every grape.

At Leventi, Alison has brought vitality and excitement to the development of each vintage. The result of her labors is embodied in the exquisite taste and velvety feel our wines deliver glass after glass—a testament to Alison's dedication to the vineyards, to the fruit and to her passion for the perfect pour.
